

River Breeze provides scheduled routine maintenance and 24 hour/7 day a week breakdown and repair service to support a wide range of business needs.

Service Division

River Breeze provides scheduled routine maintenance and 24 hour/7 day a week breakdown and repair service to support a wide range of business needs. The Service Division operates out of Waikerie and has many current commercial and industrial contracts throughout the Riverland South Australia.

Professional, Qualified, Experienced, Well Trained

Personnel are critical to the success of River Breeze and Climat Riverland and as a result the Service Department has recruited only the best technicians available. Experienced and fully qualified with refrigeration, electrical and Artic licences our technicians are also specially trained in Daikin, Mitsubishi Electric and various HVAC systems.

Optimal Plant Operation, Immediate Emergency Resolutions

Our highly skilled personnel combined with the best parts and consumables ensure your plant operates at optimum efficiency. Additionally should you have a breakdown or emergency situation we make certain any issue is resolved in the absolute shortest time possible.

Technical capability is a customer focused culture intent on delivering exceptional service. This culture is prevalent from the office through to the field personnel and allows us to maintain near faultless customer retention levels.
